“

*Tyler's House provided me with a safe place to go after school... when home wasn't the best option.*

”

“

*It has taught me to be confident and brave - and has taught me that I would always have someone in my corner, and that it is okay to be different.*

”

“

*I like the welcoming atmosphere and the fun activities they provide. They encourage creativity and trying new stuff. We're all weird, yes, but that's what makes Tyler's House special.*
